## Let The Bright Light In.

From touchless entry to clean air and abundant natural light, **799 Broadway** seamlessly integrates nature's best with cutting-edge technology—a proven formula for enhanced worker productivity. Built with an eye on the future, 799 defined wellness differently, incorporating systems and design features that are lightyears ahead of almost all other buildings on the market.

## Indoor Air Quality & Ventilation

Pollutants have no place in the office. Real-time tenant monitoring and 5-7 fresh air changes per floor per hour ensure a healthy environment for all tenants.

## Lighting & Daylight

15' ceilings and 12' of glass flood the spaces with natural light, reducing risks associated with poor visibility and visual discomfort that can affect the way your teams feel and perform

## Touchless Employee & Guest Experience

Automatic sliding doors, touchless check-ins, turnstiles, and restroom facilities provide a seamless and secure visitor experience for everyone who walks through the doors.

## Holistic Design

From sidewalk to boardroom, frictionless features—including a premium bike room and mobile-controlled high-speed elevators—make getting to and from work a breeze. The state-of-the-art fitness center further promotes work-life balance.

\*799 Broadway is being constructed to meet the certification standards for the following programs.

# AIR PURIFICATION *SYSTEM.*

Breathe easier knowing that **799 Broadway** exceeds the highest standards of indoor air quality. Its industry-leading system utilizes:

- UV Light Sanitation and Bipolar Ionization
- 5-7 Fresh Air Changes Per Hour Per Floor
- MERV-8 and MERV-13 Filtration

## Did you know?

- Exposure to a range of airborne pollutants, allergens, asthmatics, and volatile organic compounds may occur in the workplace. CO2 can build-up throughout the day, especially in high density work environments.
- Better air quality not only reduces absenteeism but a recent study has shown an average of 101% higher cognitive test results from improved ventilation.
- Studies show workers with greater access to natural light are up to 18% more productive.
